School gates should be locked during the day

More communication from school about activities such as after school clubs and sports

More workshops dealing with learning issues would be good

Are the school making a new class room

Breakfast club could be friendlier towards parents dropping kids off and also offer possibly a kind word or a bit of reassurance to new children that start if they are a bit unsure of the environment. Doesnt really seem to be a happy place. Staff are abrupt.

I am very happy with my sons progress and I praise all the staff including Mr McLeod for all their support and great work.

From p1 to p4 I have had a good relationship with the staff in the school and feel they take keen interest in my child's education and well being, I have also had support from staff outwith school hours as my child has autism and they were willing to provide this additional support which I think is a credit to their care and concern for their pupils
